Subject: RE: Please stop Duke Energy's hidden mandatory fee hike

Dear Mr. Lee Sierad,

This is to acknowledge receipt of your Letter of Protest/Comments to the Public Service Commission of South Carolina. Your Letter of Protest/Comments will be placed in the Protest File of the Docket listed below and on the Commission's Website at www.psc.sc.gov.

- Docket No. 2018-319-E - Application of Duke Energy Carolinas, LLC for Adjustments in Electric Rate Schedules and Tariffs and Request for an Accounting Order

A Protestant is an individual objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but cannot cross-examine witnesses offered by other parties.

According to the Commission's Rules of Practice and Procedure, filing a Protest does not make you a Party of Record. A Protestant desiring to become an Intervenor (i.e., a Party of Record) in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission.

You can follow this Docket and other daily filings made at the Commission by subscribing to the Commission's Email Subscriptions at this link: <https://dms.psc.sc.gov/Web/Email>; or you can follow the individual Docket at the link listed below:

Subject: Please stop Duke Energy's hidden mandatory fee hike

Dear SC Public Service Commission,

Please stop Duke Energy's proposed hike in mandatory monthly fees. The fee hike would leave me paying at least \$336 per year before I even turn on a single light, which would be the highest mandatory monthly fee of any investor-owned utility in the nation.

My family works hard to use less energy, utilize energy efficient appliances, and use a variety of power sources like natural gas.

By moving such a large percentage of our bills to mandatory fees that cannot be reduced, no matter how little electricity I use, Duke will be taking away my ability to control my electric bill by saving energy. The high mandatory fees will mean low-usage customers will be forced to pay more for using less.

I also anticipate similar fee hikes by natural gas companies and others, just to remain competitive.

Duke's proposed fees are unjustified, inequitable, and bad for consumers and the environment - especially those customers working hard to reduce their footprint and monthly expenses.

I ask that you do whatever you can to protect utility customers and stop Duke's proposal.

Additionally, please ensure that several later evening, after the workday, public hearings are held in both of Duke's service areas so that customers may voice their concerns.

Thank you for your serious consideration.

Copies to: SC Public Service Commission and my state legislators

Sincerely,

Lee Sierad
